Subject: Formal Request ---- :Luke and Stephanie

To: <chrismini@dallasmakerspace.org>

Please forward this to Kris Anderson.

DMS recruited me to assist in the success of your Expansion Project.

I am formally requesting that Luke and Stephanie be suspended from “TALK” until the completion of the Project.

-

Their recent postings and escalation of matters that:

- (1) are none of their business;
- (2) are having a negative effect on the populace of DMS; and,
- (3) now present a clear and present obstruction to the proper completion of the Project;

can cause a serious risk and damage to assets associated with the Project and present real costs to DMS.

TALK is a privilege not a right. They have abused that privilege and are a detriment at this time. If they wish to voice personal issues or opinions then they are welcome to use normal communication means (i.e. US Postal certified mail, etc.) to the Board for the Board's consideration.

Thank you,

John Marlow
